Hello Everyone,

I am missing the RFP for all the items on this Invoice, other than the eggs. Does anyone have the copy I need that you could forward to the Business Office? I don't believe this is part of the September order, as these items were already received and/or not listed on it.

Thank you,

There is rarely a week that PDCI doesn't have issue with our order. Either mis-picks, outs, subs or short cases, you name it. The answer is supposed to be that we have to get our order in earlier to IDF. Beats me how that is going to solve the problems. I have just learned to live with it. jw

Not sure if anyone else has this problem but for 2 weeks in a row we received white vinegar in the marked apple cider cases.

Just a heads up we just received corn dogs with sticks instead of the ones without stick. Half the case had stick and half no sticks.
